

# Friede & Goldman

NAVAL ARCHITECTS AND MARINE ENGINEERS

## News Release

Friede & Goldman has entered into contract with Maritime Industrial Services, MIS, (Sharjah) for the licensing of 2 F&G designed Super M2 jack-up drilling rigs, Hulls 109 & 110.

An additional 2 agreements were signed for F&G to provide their patented Rack Chock leg fixation system for the mobile offshore drilling units.

These agreements bring the total of F&G Super M2's currently under construction at MIS to seven (7). The first of the seven Super M2's, Hull 104, the SeaWolf Oritsetimeyin, is scheduled for final delivery in the coming days. This will mark an important milestone in the Middle East, as the SeaWolf Oritsetimeyin will be the first jack-up drilling rig ever to be constructed in the region.
