

# Friede & Goldman

NAVAL ARCHITECTS AND MARINE ENGINEERS

## News Release

Friede & Goldman has entered into a license agreement with Dalian Shipbuilding Industry Offshore Co., Ltd., DSIC Offshore, (China) on December 15, 2010 for the basic design of two (2) F&G JU-2000E jack-up drilling rigs, with options for three (3) additional units, to be constructed for Prospector Offshore Drilling S.A. (Luxembourg).

Additional agreements were signed for F&G to provide their patented Rack Chock® leg fixation system and a 54-pinion hull elevating jacking system for each of the mobile offshore drilling units.

DSIC Offshore has successfully delivered six (6) JU-2000E jack-up rigs to date, with two (2) more currently under construction for Seadrill (Norway).

For further information, please refer to the Prospector Offshore website:
